East & Southern African Safaris

What We Do

Adventure Travel with a Difference - Creative Blend

Our scheduled and sample itineraries incorporate wildlife and nature, the landscapes and sights, an element of cultural interaction, and an appropriate measure of physical activity. Its all blended with themes and special interests that your client can identify with. Its basic market segmentation and niche focus and it works.

Human to Human Travel - Consulting and Owner Oversight

Our consultants and travel team are quick, networked, highly trained and continually mentored. Mainstream travel scheduled trips, ground-handling and safari is a big part of our business and we do it really well, but we are proud to be in that small group of tour operators who ask pertinent questions and can offer real special-interest tours. We have a deep appreciation for the intimate and educational experience afforded by relational travel and it is based on the desire to provide our clients with a valuable and wholly-enriching travel experience that we build our itineraries. We're a small business in many ways and owner oversight when it comes to quotes and ground -handling is our promise and guarantee – ask us how and we'll gladly give you the full story.

We practice Flexibility, and understand Service Levels

Choosing the service level that feels right for you – and suites the pocket – is very important, and so fittingly we have a number of options available which span over different itineraries and special interests.

Only Destinations That We Know

Our destinations are selected with care, and although we do cover much of Africa and can accommodate almost any request, we can confidently guarantee that if we uncertain and do not have a strong foothold with reliable partners in a particular country, we will happily offer you the next best alternative or point you in the right direction. We aim to promote and practice an honest and transparent approach to tour consultation and operation, and don't take on what we can not deliver.

Travel Safe Policy & Risk Mitigation

We believe that travel should be as stress-free and liberating as possible, and so take care to ensure that the journey is that kind of experience. From all the 'behind the scenes' details such as airport transfers, to organizing festival tickets and all those little extras, we aim to maximize the travel experience while minimizing travel butterflies many of us have become accustomed to. In the background much happens – we employ a number of risk mitigation strategies in order to keep on top of things, some of which include vehicle checks, activity safety briefings, and much more.

Operational Quality and Consistent Delivery, No Empty Promises, We Give you More

Operational quality has to meet different client expectations so a working definition of quality is customer-dependent and needs to be specific. When discussing quality with you we consider design, production, and service. In a culmination of efforts, it begins with careful assessment of what your market defined customers are expecting, then translating this information into technical specifications to which our services must conform.

Responsible Travel and Conscious Leadership

We believe that how we conduct our business and individual lives every day, will have a more direct influence on the planet, than many of the broader concepts that in reality are easier to brand oneself with and talk about, than action. Our high standards are evident not only in the excellent overall quality of our trips but also in our commitment to responsible travel, highlighting specific earth issues in the places we visit and our careful selection of accommodation and activities.

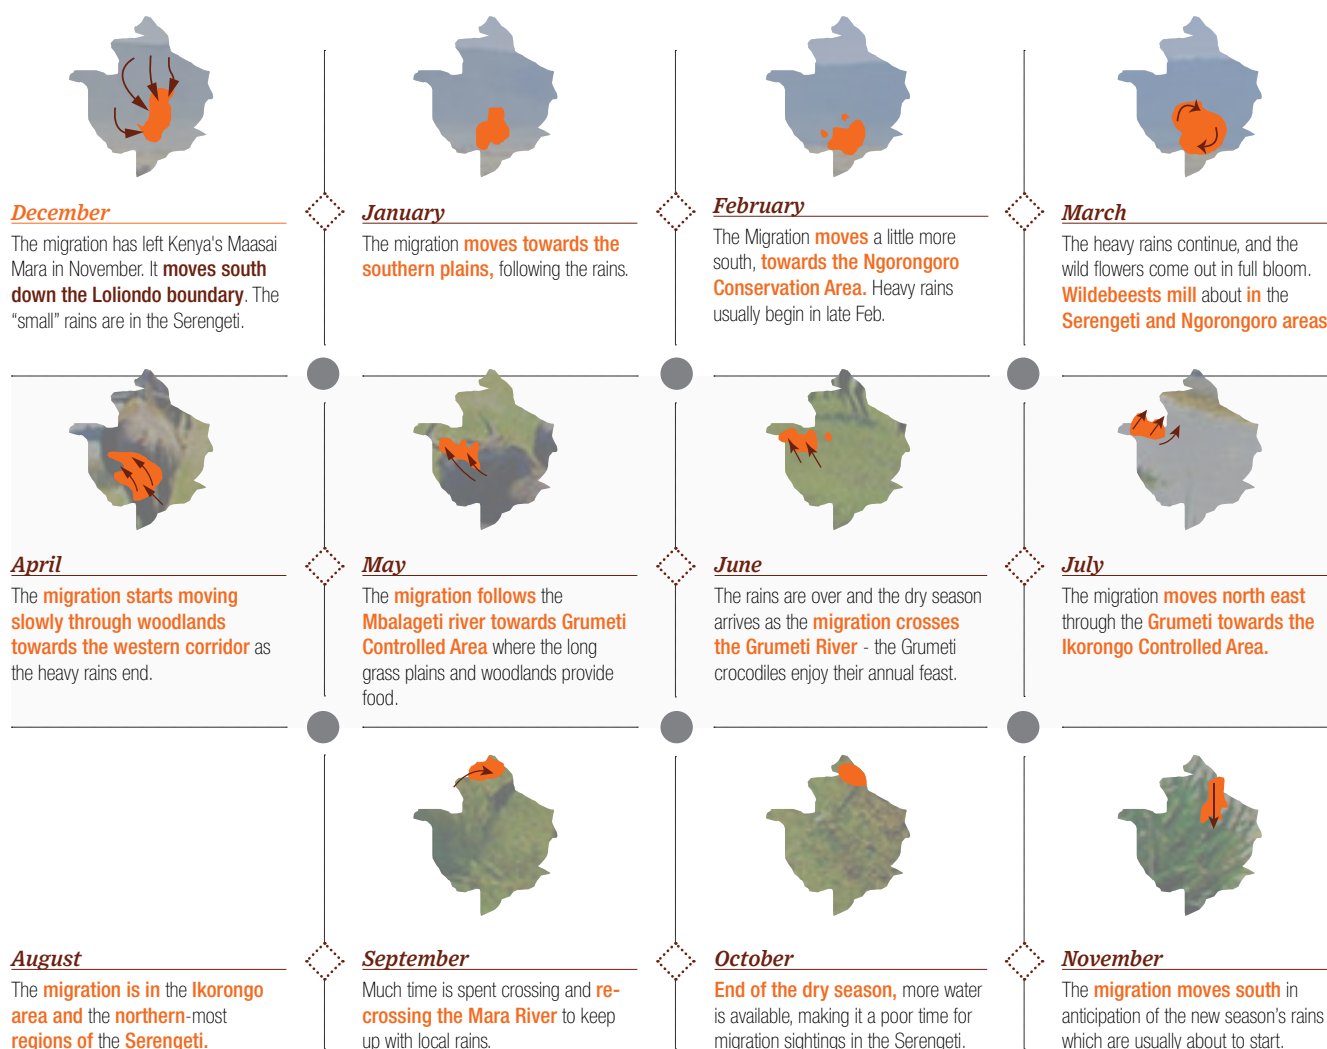

We all have a role to play here, and we encourage you to develop your own responsible travel code. For our part we believe that supporting Earth Issues is a given to ensure long-term success, and most importantly starts at home with our internal code of conduct and culture.

Above all we know that Environmental, spiritual, social and economic issues are inseparably joined. They are consciousness issues, leadership issues, awareness issues. Clients that leave us with memories of wonderful experiences and with a greater level of consciousness are repeat clients.

Map of the Great Wildebeest Migration

The "Great Wildebeest Migration" is a non-stop parade of animals. This parade, consisting of over 1 million wildebeests, approximately 250,000 zebras, and countless Thompson's Gazelles, travels in a north-to-south-to north pattern throughout the year. The plains predators follow this migration and the game viewing can be spectacular. If a "big cat kill" is on your agenda, following the migration will give you the best opportunity to encounter this spectacle.

THE MIGRATION FOLLOWS THE RAINS, SO THE INFORMATION BELOW IS NOT PRECISE. MOTHER NATURE WILL HAVE HER HAND IN THE MIGRATION PATTERN, BUT GENERALLY,

GETTING THERE

Our luxury hotel is located overlooking Nairobi's Central Park and just five minute's walk from the Central Business District.

By road: Nairobi Serena Hotel is a 30-minute drive away from Jomo Kenyatta International airport and a five-minute walk from the city center.

Samburu intrepids

Samburu Intrepids is a lush oasis on the banks of the great Uaso Nyiro River in Samburu Game Reserve. The tented luxury camp is a delight to be in – deliciously cooled by the river breeze and the forest. The camp sits on raised decks overlooking the brown river where the elephants sometimes make an appearance or the crocodiles come out to lounge by the river's banks.

LOCATION

Dry, rugged and stunning, Samburu's landscape is at once stark and sensual, with its iconic loaf shaped Ololokwe Mountain and hills spreading in every horizon. Its life lung is the Uaso Nyiro River coursing through its craggy terrain full of stone, thorn bush and the forked dour palms. The land is baked by the eternal sun, herds of elephants and the big cats roam the plains.

Sarova Mara

The rolling plains around the Camp are teeming with wildebeest, gazelles and zebras during the migration months, and the Camp is situated right in the center of their migration path. A wildlife safari puts you right in the middle of all this action. Get a first-hand account of this epic phenomenon and live to tell the tale. A safari also helps you acquaint yourself with the landscapes of this beautiful African setting.

LOCATION

By virtue of its location and layout, the Camp offers an unparalleled plethora of activities and experiences from luxury tented living to bird-watching, mini golf, sport fishing and a unique insight into the Maasai culture at the adjoining Maasai village

Lake Naivasha sopa

Set in one hundred and fifty acres of grassland studded with Acacia bushes and trees, the resort is not only home to our resident giraffe, waterbuck and both Vervet and Colobus monkeys, but it is also a night stop for the hippos when they leave the lake every night to come and trim the grass on our expansive lawns.

Lake Naivasha is home to a wide variety of wildlife including a sizeable population of hippos which usually invade our property during their nightly forays for food. Being a freshwater lake, it also has a healthy fish population to include Black bass, Tilapia and Crayfish which attract a variety of fish-eating birds such as Long-tailed and Great Cormorants, along with Fish Eagles, Pelicans, and various types of Kingfishers.

Naivasha is also a good place to see the Grey-backed fiscal. This bird replaces the Long-tailed Fiscal in areas with higher rainfall. Also to be seen in the area is the Black-lored Babbler.

Serena Sweetwater's camp

A sheltered oasis, clustered around a water hole and set in the pristine calm of the private Ol Pejeta Conservancy, Sweetwaters Serena Camp offers a charming blend of under-canvas ambiance and Kenyan safari luxury.

Located on the plains of Mount Kenya, the camp features thirty-nine luxury tents, each with its own private veranda overlooking the water hole. The central Rhino Restaurant is housed in the former manager's house of this once colonial farm, and offers both regional and international cuisine. Also within the house is the Kashoggi Bar and lounge, which centres on a blazing log fire.

The camp lies at the centre of the 110,000-acre Ol Pejeta Conservancy, which lies on the Laikipia plains 17 kilometres from Nanyuki and 217 kilometres from Nairobi.

Themed around traditionally circular African houses with conical roofs, and decorated with examples of Africa's rich tapestry of artistic traditions by way of rich woodcarvings and sculptures, the lodge harmonizes perfectly with its dramatic surroundings. Interiors of the main building which all offer an unsurpassed generosity of space while somehow managing to combine an almost magically welcoming ambience of both warmth and cosiness.

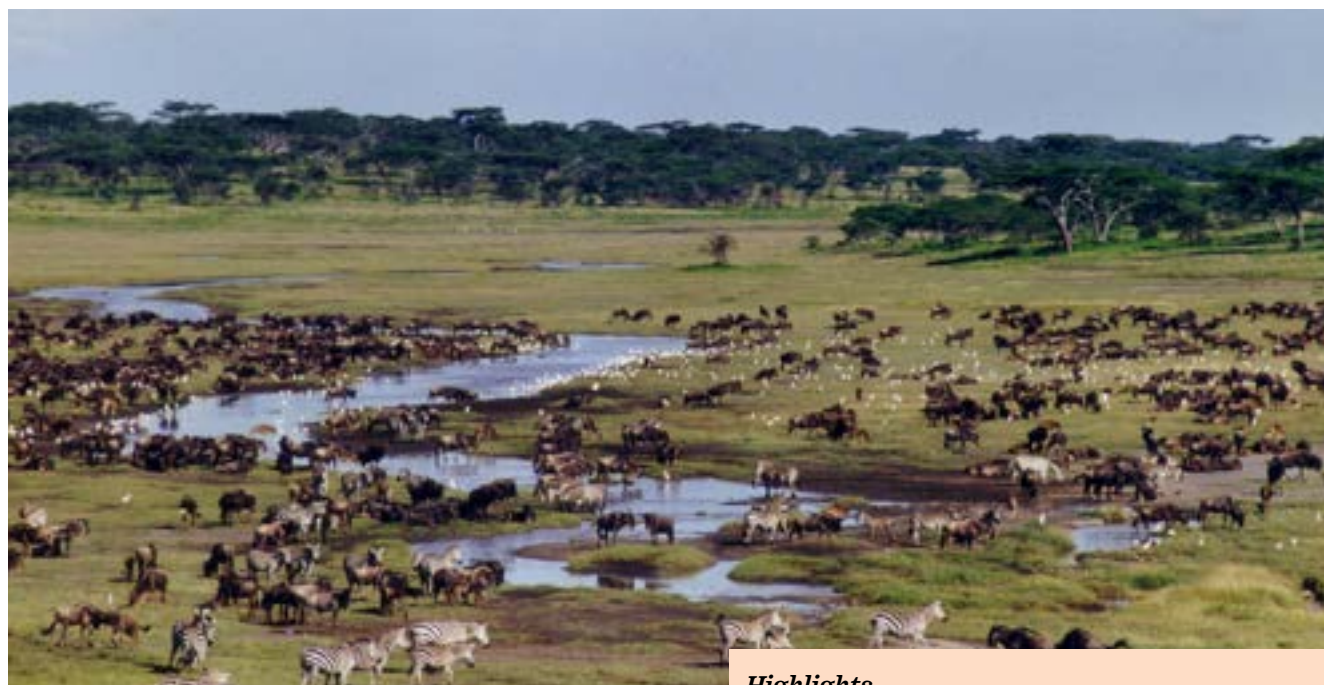

Lake Duluti Serena Hotel

Lake Duluti Serena Hotel (formerly Serena Mountain Village - Arusha). Nestled at the foot of the wooded slopes of Mount Meru, this unique hotel stands amid coffee plantations on the shores of tranquil Lake Duluti. Designed to echo the traditional style of the colonial coffee farm, which originally stood on this site, Lake Duluti Serena Hotel offers a range of tastefully presented cottage-styled rooms set amid extensive landscaped grounds.

Voyager ziwani

With a spectacular view of mystical Mount Kilimanjaro, and easy access to the wild attractions of Tsavo West National Park, Voyager Ziwani offers a tranquil retreat in one of the wildest places left on Earth. Located on a private sanctuary on the western edge of Tsavo, the camp sits on a secluded dam on the Sante River – home to turtles, crocodiles and hundreds of basking hippos.

Once the site for the German Schutztruppe garrison in the First World War, Voyager Ziwani is today famous for being in 'big game country' that is one of the biggest national parks in the world, Tsavo West. Filled with a rich tapestry of volcanic upheavals like the Roaring Rocks and the volcanic rubble heap that is Chaimu, the land is as diverse as its wildlife.

Ark tree lodge

Described as the "Haven Under the Hill", the Ark has four viewing areas from which to observe the ever-present animal activity at the waterhole and saltlick. There is also a ground level hide – the perfect spot for the discerning photographer. From this vantage point, photos of animals can be taken at eye-level.

The sister property to The Ark the Aberdare Country Club, is a short distance away and is the perfect place to spend an afternoon. Activities include a game walk on our 1300 acres, golf, tennis, horseback riding, relaxing at our health club, taking a dip in the swimming pool, or simply enjoying the gorgeous gardens.

Great Rift Valley lodge

From its panoramic perch above Lake Naivasha, the Great Rift Valley Lodge enjoys one of humankind's oldest views ? over the sweeping floor of the world's largest valley. Only an hour and a half's drive or a 30-minute flight from Nairobi

(24 kilometres from Naivasha town and 12 off the Nairobi-Nakuru highway). Great Rift Valley Lodge is situated midway between the Samburu and Masai Mara Reserve making it a perfect stop over between the country's top safaris destinations an ideal alternative to a night in a city hotel.

The Great Rift Valley Lodge sits at about 7,000 feet, from which elevation it enjoys magnificent views to the west and east. The vistas stretch from the sparkling waters of Lake Naivasha to the jagged volcanic crater of Mount Longonot and, beyond, the sloping shoulders of the Aberdare Mountains ? Kenya's most important watershed.

Murchison River lodge

Murchison River Lodge is located on the southern bank of the River Nile overlooking Murchison Falls National Park, pods of hippos and papyrus islands. In beautiful surroundings we offer comfortable and relaxing mid-range accommodation to suit all budgets; well appointed en-suite thatched cottages, thatched safari tents each with private facilities and comfortable camping tents already set up around our shaded campsite. If you would prefer to bring your own tent we have covered areas for self catering in the campsite, including a fire pit and excellent shower and toilet facilities. Murchison Falls National Park is the location of a diverse habitat : wildlife, birdlife and activities available are plentiful; if you would like to game drive through the park, take the magical boat trip to Murchison Falls or in the opposite direction to the Delta, or you simply fancy unwinding by the lodge pool, the choice is completely yours.

Migunga tented camp

Migunga Tented Camp is nestled in a quiet corner on the northwest of Lake Manyara. The camp is ideally situated in shade of an acacia forest, only 5 minutes from the entrance of Lake Manyara National Park. This is the ideal base camp to discover the beautiful surroundings of Lake Manyara, or pay a cultural visit to the colourful town of Mto Wa Mbu.

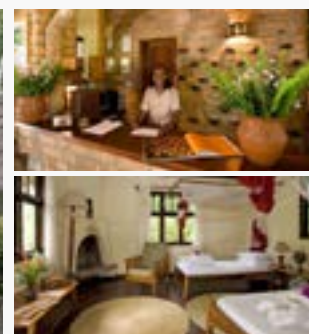

The camp is set in 35 acres of acacia forest and consists of 21 permanent tents on raised platforms, all with en-suite bathrooms and a private veranda overlooking the lush forest. All the tents are discretely placed around a central glade, offering shade and privacy, but still only a short walk to the restaurant and bar.

At Migunga you wake up in the morning to the sound of the forest, with beams of the sun finding their way through the tall trees.

Moivaro coffee

Moivaro Lodge is situated right in the heart of beautiful, natural scenery and yet is only 7 km from the town of Arusha: an ideal spot to enjoy the impressive flora and fauna of East Africa.

At Moivaro Lodge we will ensure that you are looked after in a unique, friendly and peaceful manner, helping you to prepare for your safaris and cossetting you on your return in the evening. Our spacious thatched brick cottages are set in a lovely tropical garden, with private verandas ensuring every visitor all the privacy needed. Relax and enjoy the beautiful views of Mount Meru from the comfortable veranda, go for a stroll around the Moivaro property, or laze at the pool nestling in the midst of tropical trees and coffee plants.

Tarangire safari lodge

Enjoy the breathtaking scenery and game viewing right from its sweeping terrace and your doorstep.

Since 1985, family-operated Tarangire Safari Lodge has catered to wildlife enthusiasts and those seeking rest and relaxation among one of Tanzania's most popular national parks. Perched at the edge of a natural bluff, Tarangire Safari Lodge is renowned for its panoramic views of the savannah and Tarangire River below, providing breathtaking scenery and game viewing right from its sweeping terrace and your doorstep.

The oldest in the park, with a sublime location on a tall bluff overlooking the Tarangire River...This comfortable, unpretentious & well managed lodge ranks as one of our favourites anywhere on the northern circuit. The accommodation in standing tents with en-suite toilets is outstanding value.

Tortilis luxury camp

With the majestic backdrop of Africa's highest mountain, and the world's highest free-standing mountain, Tortilis Camp is widely regarded as the prime location for witnessing the majesty of snow-capped Kilimanjaro. Tortilis Camp is named after the flat-topped, umbrella thorn tree that surrounds the camp, the Acacia Tortilis.

Amboseli is also known for its magnificent elephants – a population of over 1500 elephants, and some of Africa's largest, reside in the park's unique eco-system. Game drives, walks, sundowners and bush meals all take place both inside the Amboseli National Park and within a private 30,000 acre game concession, offering fantastic opportunities for wildlife viewing and photography.

The tents are all spacious, with king or twin beds and elegant en suite bathrooms. There is a main lounge, bar and dining area, all exquisitely built with natural materials and thatched roofs, with magnificent views of Kilimanjaro.

Larsen's camp

Larsen's Camp is located in Kenya's famous Samburu National Reserve is named after Erik Ole Larsen, a legendary Dane credited with defining the luxury safari under canvas.

The camp is bordered by the Uaso Nyiro River on one side; there is nothing to see but pristine nature on the other three.

With just 20 tented accommodations, our all inclusive adventures offer distinct luxury African safari experiences.

Within the Samburu National Reserve of northern Kenya, Altitude of 857 metres, The climate is equatorial desert type. The weather is hot all year round with day time temperatures up to 33 degrees Centigrade. The nights are cool

Tarangire tree tops

Tarangire Treetops Lodge is located close to Tarangire National park in Northern Tanzania.

This pleasantly quirky lodge is set on a hillside overlooking the reserve. Both the main building and rooms are built around some impressive baobab trees, the rooms being raised up on stilts.

A reasonably chic and interesting affair. Elephants are attracted to the front of the main building by a small artificial drinking pool, which certainly provides some additional atmosphere.

Kusini Tented camp

Kusini is a brilliant camp of exceptional quality. But the prices are getting quite steep. There are some good mobile camps that get you away from the crowds and among the migration for better value. Kusini gets a 3 paw rating.

Kusini Camp is located in the Southern Serengeti, right on the border of the Maswa Game Reserve. The camp is about 5 a minute drive from the Kusini airstrip and an hour from Ndutu.

Kusini Camp is owned by Sanctuary Lodges, the operating arm of Abercrombie and Kent, so you can imagine the camp quality to be exceptional and service top class; it is.

The main area of the lodge is an A-frame shaped tented structure built on a platform which is slightly raised to compliment the stunning views. To one side is the bar and lounge area and to the other is the dining room.

Gibbs farm

Gibb's Farm awakens the senses in a nurturing, peaceful luxury inn environment, a unique and authentic experience based upon East African traditions and hospitality. Nestled beside the forested slopes of the Ngorongoro Crater, the gentle rhythms of Gibb's Farm nurture and restore the tired, yet exhilarated traveler on safari to Tanzania. Gibb's Farm imparts a sense of well-being, tranquility and history—deeply rooted in African culture and community—in a warm, rustic luxury environment. A peaceful sanctuary to rejuvenate the senses while on safari in Tanzania, the farm features cozy, well-appointed cottages, breath-taking scenery and wildlife and unique cultural activities that allow you to fully experience the rhythms and beauty of the farm, community and nature.

Sand River -selous safari camp

Situated on a secluded and picturesque site, Sand River Masai Mara replicates the heyday of exclusive permanent tented camps of the late 1920's.

The interior fixtures and furnishings mirror this period perfectly, reminding all who visit of those countless Hollywood movies that have paid homage to a classic era of African adventure.

Sand River Masai Mara is an ideal destination, at any time of the year, for those wishing to enjoy exceptional game-viewing. The National Reserve is best known for its large concentrations of big cats, such as leopard, cheetah and, of course, lion. Even the dramatic arrival of the Annual Migration merely adds to an already abundant resident wildlife that awaits discovery.

Nkungwe camp

Also known as Kungwe Beach Lodge, is located in the Mahale area in the Western region of Tanzania. Nkungwe Camp is a good quality permanent lodge in a prime beach-front location in Mahale Mountains National Park, the best place in Africa for viewing chimpanzees, an utterly remote and a stunningly beautiful location. It is a comfortable camp with just six guest tents, amiably hosted and guided and considerably lower cost than the nearby Zoe's Camp. Activities include very high quality chimp tracking, hiking, swimming, snorkelling, sailing and kayaking. The chimps are usually most accessible during the Jul/Oct dry season, but can usually be found throughout the year a little further into the forest.

Gombe forest lodge

In the lush shade of ancient forest trees just off the shores of Lake Tanganyika, lies the small yet intimate Gombe Forest Lodge. It may be the smallest of our lodges but offers complete privacy by catering for just 14 guests at a time.

Gombe Forest Lodge is the only lodge in this national park. Gombe Stream National Park is a thin strip of ancient montane forest bordering the second deepest lake in the world, Lake Tanganyika. This park was made world-famous for the primate studies conducted by pioneering British researcher Jane Goodall.

Prepare yourself for a truly remarkable experience of chimpanzees and nature in one of the most remote and untouched parks in Tanzania.

Gombe Forest Lodge is the only lodge in Gombe Stream National Park where you can observe chimpanzee communities.

Mountain Village serves as an ideal base camp from which to conquer the snow-capped peaks of Kilimanjaro, Africa's highest mountain (5,895m). 8. CHANGES TO ITINERARY

The whole philosophy of Africa Journeys Escapes Ltd tours and this type of travel is one which allows alternatives and a substantial degree of on-trip flexibility.

The outline itineraries given for each holiday must therefore be taken as a guideline of what each group should accomplish, and not as a contractual obligation on the part of Africa Journeys Escapes Ltd.

Driving distances and travel times given are approximate, and will depend on circumstances such as road conditions, departure time, specific transport utilized and other circumstances.

We constantly strive to improve our tours and itineraries. If such improvements can be made or unforeseen circumstances force a change, we reserve the right to change itineraries and to substitute accommodation.

Changes in itinerary may be caused by local political conditions, flight cancellations, mechanical breakdown, weather, border restrictions, sickness, or other unforeseeable circumstances.

It is a fundamental condition of joining any Africa Journeys Escapes Ltd holiday that Travellers accept this flexibility, and acknowledge that delays and alterations and their results, such as inconvenience, discomfort, or disappointment, are possible.

When changes in an itinerary are required Africa Journeys Escapes Ltd will endeavor to provide suitable alternative arrangements which may involve additional expense.

Should any Traveller be entitled to a refund for any reason whatsoever, no interest or costs will be due on any monies paid in relation to such a refund. No such refund shall exceed the price paid to Africa Journeys Escapes Ltd for unutilized services.

In general if Travellers choose not to participate in a part of a tour itinerary, no refund will be offered for services

not utilized.

responsibility to ensure that notification is received by Africa Journeys Escapes Ltd.

Verbal notification of an intention to cancel is not sufficient. Issued travel insurance premiums and existing admin fees are not refunded. Travellers are strongly advised to take out insurance against irrecoverable cancellation costs. In addition, airlines may impose 100% cancellation charges and the cost of a new ticket.

11. CANCELLATION OR CHANGE OF HOLIDAY

Africa Journeys Escapes Ltd will inform Travellers as soon as possible if, through no fault of their own, it is forced to significantly alter or cancel their holiday.

A 'significant change' for example is a change of more than 24 hours (12 hours or holidays of 10 days' duration or less) in departure or return timings or other such change to itinerary and services that would reasonably be considered significant.

In these circumstances Travellers can choose one of the following options:

1. Cancel their holiday and receive a full refund; or
2. Accept a substitute holiday if Africa Journeys Escapes Ltd is able to offer them one. If the substitute holiday is of lesser value, Africa Journeys Escapes Ltd will refund Travellers the difference.

If appropriate Africa Journeys Escapes Ltd will also compensate Travellers for the inconvenience unless the alteration or cancellation is because there are insufficient numbers to run the holiday or if the alteration or cancellation has come about because of unavoidable, unusual and unforeseeable circumstances beyond our control or the control of our suppliers

resulting in events that could not have been avoided even if all reasonable care had been taken ("Force Majeure"). Force Majeure includes (but is not limited to) war or threat of war, riot, civil strife, industrial dispute, unavoidable technical problems with transport, closure or congestion of airports, terrorist activity, natural or nuclear disaster, fire and adverse weather conditions.

If Africa Journeys Escapes Ltd cancels any Traveler's holiday, any insurance premiums paid to Africa Journeys Escapes Ltd will be refunded.
