*It's about ensuring that the people, whose land, natural resources, labour, knowledge and culture are used for tourism activities, actually benefit from tourism.*

# ...Our Suppliers

*We contract with over 500 suppliers throughout Africa, from airlines and national parks to luxury hotels. We have excellent relationships with most suppliers and continuously try to apply the concept of fair trade in our dealings with them.*

## RESPONSIBLE TRAVEL AND SUSTAINABLE TOURISM

### "RESPONSIBLE TOURISM"

Responsible travel and sustainable tourism are much used buzzwords in our industry that relate to a three way deal, how tourists travel and what they do on holiday, how travel agents and tour operators conduct their businesses, and how both parties impact on the people, wildlife, nature and land where their travels and business takes place.

It's about ensuring that the people, whose land, natural resources, labour, knowledge and culture are used for tourism activities, actually benefit from tourism.

## ...Daily to do List

1. Provide a service that ensures differentiated, safe, good-quality, fair value, and stimulating safari tours.
2. Grow and develop the business and the individuals of the business by embracing a culture of interactive teamwork.
3. Operate in compliance with legal and statutory requirements.
4. Conduct ourselves and behave in a manner that is beyond approach.
5. To protect the environment and support African charities and wildlife organizations.
6. Value our time and work at things diligently .
7. Practice credibility, critical thinking and have courage.
8. Contribute to broader societal goals and look beyond simply making a profit.

# ...Team Profile

*Our Travel Consultants and Managers are true experts,  
with knowledge that only comes with time.*

## *Our Guides*

This rich cultural diversity is reflected in our business. Africa Journeys Escapes men and women have a genuine passion for travel, believe in what they do, are talented, qualified and competent.

Fluent in English, at a minimum bi-lingual and usually fluent in local dialects, they introduce you to local culture from the locals' perspectives.

## *The home team*

Your adventure of a lifetime is a team effort; and, every member of our Home Team is committed to this philosophy. Based in Nairobi— one of the best places for an active travel company—our multi-lingual team includes individuals from several different African countries with a passion for travel and exploration.

# .....Vehicles and Equipment

We continuously innovate and are leaders when it comes to vehicle conceptualization and design. We follow the simple concept of match the tools to the job. For this reason we have a fleet of many different kinds of vehicles, from the custom made safari minivan, safari Land Cruiser to custom built 18 seater air conditioned coaches.

*We are not “transport operators”, where it’s more cost effective to charter in excess capacity than run our own vehicles we are quick to do so.*

Stringent health and safety checks are applied and we currently rank B status on key suppliers sure to care profile – a very high standing that few tour operators hold.

## AFFILIATIONS & ASSOCIATIONS
